POVERTY

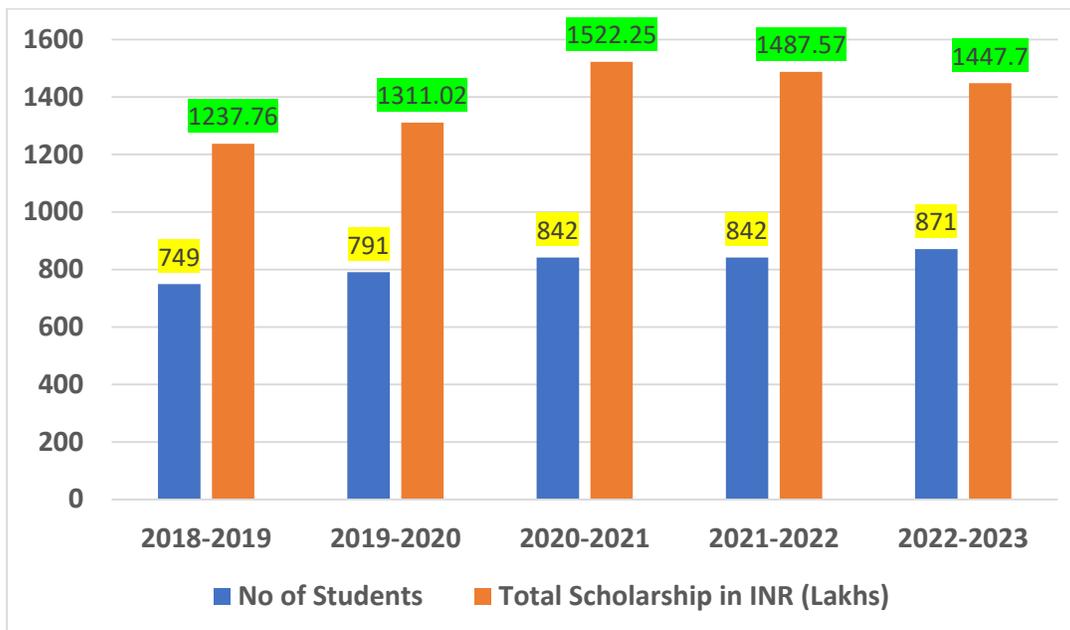

## **SDG 1: ROLE OF SMU IN AILING POVERTY IN THE STATE OF SIKKIM & NE REGION**

SMU was setup in 1995 with a vision to cater quality education in fields of Medical & Technical education and provide quality healthcare to the state of Sikkim & adjoining states.

SMU has always taken a giant leap to provide quality medical and health education to the aspiring engineers and medical professionals from the state of Sikkim. Sikkim has the highest level of poverty across the Indian States during 1995. Based upon the report released by the Planning Commission of India, Sikkim has 30.9% population below BPL. Considering the facts during the time of establishment, SMU has started providing 20% seats to the students of Sikkim with a scholarship of 75% in the course fees so that even the common people of the society can think about sending their wards to professional programmes such as Engineering and Medical when it was a costly affair for normal people. A scholarship of 75% in the course fees can be seen as one of the turning points in the economic prosperity of the state of Sikkim as today SMU has produced more than 2400 Engineers & 300 Doctors from the state of Sikkim who have directly or indirectly helped the state to grow in terms of economic aspect.

The following are the data related to the scholarship of 75% in the course fees given to the students from the state of Sikkim in the Academic Year 2018-2023

The number of Seats reserved provided under Sikkim Quota to the government for Academic Year 2022-2023: 606

**Details is provided at annexure 1**

Number of Students Quota Candidate qualifying for degree in the year 2023 is: 226

## **SPECIAL SCHOLARSHIPS FOR STUDENTS OF UNDER DEVELOPED COUNTRIES**

Sikkim is not only in Northeast but is also closer to the developing countries of East Asia such as Bhutan, Bangladesh & Nepal. Poverty level in this country is also high and many students prefer India for quality education as it is near and economical to them provided, we share same culture. Many students from these countries who are willing to pursue professional courses for higher education lacks financially to support those students SMU has started providing financial assistance in technical programs from academic year 2018-2019 onwards.

**The following are the data related to the students of Nepal, Bhutan & Bangladesh who has received scholarship in the Academic Year 2018-2023**

## SCHOLARSHIP FROM BENEVOLENT FUND

**Objectives of the Practice:** To provide financial support to students to continue their studies in case they lose the member to death/incapacitation, who provides financial support.

**The context:** In the year 2001, a student of 3rd year lost his father – the only earning member of the family, and consequently it appeared that he had to discontinue his studies at our technical institution-SMIT. Individual faculty members of SMIT provided him with financial support, and he could complete his studies. This incident underlined the need for us to have a better mechanism in the case where a student suffers a similar fate. The benevolent fund concept was proposed in the year 2002 and accepted by the management in 2003. A similar fund is also available in SMIMS.

**The Practice:** The fund is based on transferring a part of the fee of students to the fund. Individual contributions are also allowed.

**Evidence of Success:** Help has been extended to all deserving cases.

## SEED SCHOOL FOR UNDERPRIVILEGE STUDENTS OF MAJITAR VILLAGE

SEED School is a social initiative taken up by Society of Electrical and Electronics Department (SEED), Sikkim Manipal Institute of Technology in 2009 to teach underprivileged students of Majitar Village. It is a successful initiative and the response to it is immense that it is continued and is run every year.

SEED School is an open resource, free of cost school to help the students in and around Majitar. SEED conducts evening classes for children from 4<sup>th</sup> standard up to 10<sup>th</sup> standard. Classes are taken by the students of the college who voluntarily take up the role of teachers to help children with their homework, identify the problem areas and teach them in second languages if needed. Subjects such as English, Mathematics and Science is focussed but is not limited to these subjects.

### **G20 India Startup 20 Summit**

The G20 India Startup20 Summit, held in Gurugram from 3-4 July 2023. The drafting of the communique was an arduous task, but it was accomplished thanks to the tireless efforts of many passionate individuals from the ecosystem.

During the event, Indonesia, India, and Brazil formed a trioka and passed on the baton to Brazil for next year's presidency. Ms Ingrid Barth who represented Brazil, confirmed their commitment to continuing this engagement group.

Prof Tej Chingtham, CEO of AIC – SMU Technology Business Incubator, was also part of the grand launch of the Incubator Assessment Framework by the World Bank, Indian Institute of Technology, Delhi, and AIM NITI Aayog. This framework will help incubators and ecosystem enablers globally to benchmark their strengths based on various KPIs.

**One of AIC-SMUTBI's incubatees, Augtraveler further showcased its portfolio of products at the event, which garnered keen interest from the Saudi Government.**

The summit was graced by the honorable Minister for Commerce & Industries, Shri Piyush Goyal, as he addressed the delegates. His statement on the government being a facilitator rather than a regulator for startups was met with thunderous applause from the startup community. Shri Amitabh Kant, the Sherpa of G20 under the Indian presidency, highlighted India's remarkable achievement of building the world's third-largest startup ecosystem in just a few years, thanks to the strong and passionate players, including over 450 active incubators in the country.

MeitY Startup Hub (MSH), an initiative of the Ministry of Electronics & Information Technology (MeitY), and Meta, here today, announced the launch of an accelerator programme to support and accelerate XR technology start-ups across India.

This initiative, XR Start-up Program focuses on skilling and building technological capabilities for the metaverse, and will help shape the ecosystem for these emerging technologies, including Augmented Reality (AR) and Virtual Reality (VR) in the country.

Speaking on the occasion, the Minister of State for Electronics & Information Technology, and Skill Development & Entrepreneurship, Shri Rajeev Chandrasekhar has said, "It is an important day in terms of achieving Prime Minister Shri Narendra Modi ji's vision of making the next 10 years as India's Techade - full of opportunities for young Indians. It is also an important milestone in area of Metaverse which is an important part of emerging future of the internet. I look forward to the collaboration with Meta and I hope it provides the necessary impetus towards fueling the growth of investments in future technologies in line with the government vision for making India a trillion-dollar economy by 2025."

Speaking on how the Digital India Programme launched in 2015 has transformed citizens lives, governance & democracy, catalysed India's Digital economy & created significant capabilities in emerging technologies, the Minister said "According to PM's Digital India vision, it is clear that India is no longer going to be a consumer of Technology but become a leader in Producing Emerging Technologies".

Emphasising on the potential of Indian Startups from tier 2/3 cities & how the Narendra Modi government is committed in encouraging them, the Minister further added, "Young Indian Startups, especially from tier 2/3 cities, will play a significant role in emerging tech areas like Web 3.0, blockchain, AI, Metaverse etc. and will shape the future of Technology and the internet for India and the world.

Sharing his views on the collaboration, Mr. Joel Kaplan, Vice President, Global Policy, Meta, said, "India will play a pivotal role in defining future technologies. Decisions and investments made here in India now shape global discussions on how technology can deliver more economic opportunity and better outcomes for people. It is critical that we help to create an ecosystem that will enable India's tech startups and innovators to build the foundations of the metaverse."

Mr. Kaplan noted the significant strides India has made under the Digital India Programme and maintained that Meta is committed to partner with the Indian Government in supporting next Generation Startups in Tier 2/3 cities. "India is one of the most vibrant market due to its tech talent, entrepreneurial spirit, fast growing startup ecosystem. Technologists from Tier 2/3 cities in India will shape the future of Metaverse."

The Accelerator Program will support 40 early-stage start-ups working in XR technologies with a grant of Rs 20 lakhs each. Further, the Grand Challenge will encourage early-stage innovators in sectors like Education, Learning and Skills, Healthcare, Gaming and Entertainment, Agritech & Climate Action and Tourism & Sustainability.

### Biren flags off new startup in Manipur

NN | Oct 7, 2022, 12:27 PM IST

IMPHAL: Chief minister N Biren Singh launched 'Start-up Cohort' under the Startup Manipur scheme and 'XR for Start-up' road show at Classic Grande in Imphal on Thursday. The XR startup programme aims to accelerate India's contributor towards building the foundation of Metaverse and boosting the development of extended reality (XR) technologies.

Speaking on the occasion, Biren thanked all concerned, including Sikkim Manipal University, NITI Ayog and Manipur Technical University for bringing the world to the tiny state of Manipur through Meta. The involvement of Meta means the entire world is looking at Manipur, he said.

Explaining the significance of Startup Manipur, he said people cannot depend only on the government for employment, and that such schemes were helping generate jobs for the youths.

"We are not only providing employment through such schemes, but we have also started exporting our products," he said.

# AIC-SMUTBI facilitates Startup 20 Townhall and Public Consultations

SE Report

**GANGTOK, May 29:** The Startup 20, in collaboration with AIC-SMUTBI (Atal Incubation Centre - Sikkim Manipal University Technology Business Incubator), held "Townhall and Public Consultations" at a local hotel here on May 27.

The event witnessed the participation of numerous startups from North East along with State government officials from Commerce & Industries department and Sikkim Entrepreneurship and Economic Development Cell. The event was specifically designed to foster constructive discussions and gather crucial feedback on the Draft Policy Communiqué of Startup20, an essential component of the Indian Startup ecosystem, informs a press release.

"The town hall event served as a platform for startups, industry experts, and government representatives to engage in productive dialogue, exchange ideas, and collectively contribute to the growth and development of

the startup landscape. It showcased the commitment of the Startup20 and AIC-SMUTBI in facilitating an inclusive and collaborative environment where startups can thrive and receive the necessary support to reach their full potential."

Also present were startups from various sectors, including technology, education, health-tech, media-tech, among others. Their presence added immense value to the discussions, ensuring a diverse range of perspectives and insights being shared, the release

mentions.

The primary objective of the town hall was to solicit feedback, stimulate meaningful discussions, and encourage constructive comments on the Draft Policy Communiqué of Startup20. The draft policy document is designed to provide a comprehensive framework on five major components, viz. foundation, alliance, finance, inclusion and sustainability, with the purpose of supporting and nurturing startups, empowering them to become key drivers of economic growth and innovation. By

inviting input from the startup community and government officials, the townhall aims to ensure that the policy addresses the specific needs and challenges faced by startups, thereby fostering an enabling environment for their success.

During the event, participants had the opportunity to engage in interactive sessions, and networking opportunities to delve into the various aspects of the Draft Policy Communiqué of Startup20 for discussion. It is also in continuation of the draft

policy that was prepared the Startup20 during 1 engagement group meeting the five task forces in 0 venues in Gangtok dari March 2023.

# Tripura Start-up receives huge grant

Times News

**Agartala, Mar 27:** aAHARAN, a social ed-tech startup based in Tripura, has been selected by Numaligarh Refinery Limited (NRL) for a generous grant for the proliferation of Digital Education in the northeast. This is a significant milestone for the humble startup which began its journey in 2018 in the hands of two brilliant Tripura youths. The grant has been given under the NRL Ideation scheme which seeks to help emerging startups in the northeast region. The Numaligarh Refinery, located at Golaghat district of Assam, is a refinery which is a joint venture between Oil India and Assam Oil. According to their website, the objective of NRL's startup initiative is to boost the startup ecosystem in the region and foster an entrepreneurial culture leveraging on innovation. AIC-SMUTBI, a premier incubation centre of the northeast region, supported aAHARAN with the essential connections and network required to secure the grant. The vision of aAHARAN is to provide a 360 degree one-stop solution via their mobile application for all the study needs of the students of the northeast region. The content in the aAHARAN app consists of a comprehensive

collection of video lessons, test series, study materials, mentor support, etc. To help the regional students who are unable to take advantage of online learning because of language barriers, the content is exclusively available in the vernacular languages of Tripura (Bengali and Kokborok). Currently, aAHARAN has materials for the students of Classes 9 and 10 studying under the Tripura Board of Secondary Education (TBSE). With the help of the grant given under the NRL Ideation scheme, aAHARAN plans to expand its content for the other classes of TBSE as well as the respective education boards of other northeastern

states. This grant will also come in handy for aAHARAN to provide premium education to students at a non-premium price so that anyone can afford it irrespective of their geographic, economic, or linguistic background. aAHARAN has in fact partnered with the Department of Education, Government of Tripura to provide aAHARAN access free of cost to the students studying in select schools of Rupachari RD Block under South Tripura district. Recognising the efforts of the startup in the field of education in the state, the Government of Tripura had recently awarded aAHARAN with "Best Startup

Entrepreneur" title on the occasion of 50th Tripura Statehood Day. As mentioned before, aAHARAN is incubated with Atal Incubation Centre - Sikkim Manipal University Technology Business Incubation Foundation (AIC-SMUTBI). It is one of the 32 such centres in India and the only one in the entire northeast region with seed funding capability. In the past, aAHARAN has been appreciated by North Eastern Development Finance Corporation Ltd. (NEDFi) for setting an example in the startup ecosystem of the northeast region. They also invested a substantial amount of twenty-five lakh rupees in aAHARAN.

**ADMISSION OF STATE NOMINATED CANDIDATES UNDER SIKKIM QUOTA IN  
VARIOUS COURSES AT SMU AND ITS CONSTITUENT INSTITUTIONS AND  
COLLEGES DURING THE ACADEMIC YEAR 2022-23;**

Sir,

1. Team Sikkim Manipal University joins me to convey our greetings and best wishes to you and the efficient officials & staff of the prestigious Education Dept, Govt. of Sikkim.
2. As per the Agreement between Govt of Sikkim and Sikkim Manipal University, and Addendum to the Agreement dated 06 July 2021, 20% seats in all courses under SMU & its constituent; along with 50 free seats and 30 full payment seats of MBBS course at Sikkim Manipal Institute of Medical Sciences, have been reserved for nomination of Sikkimese candidates by Government of Sikkim.
3. It is submitted for your kind consideration that the historic trend analysis over the last five years reveals that due to delayed release of the Sikkim Quota, a number of seats remain unsubscribed due to Sikkim students taking admission in colleges outside the state. Further, the delay also adversely affects the University, when a significant number of Open Quota candidates belonging to Sikkim, migrate under the State Quota, thereby resulting in vacant and unsubscribed seats, due to closure of admission.
3. The following documents are enclosed for your kind perusal please:-
  - (a) Course-wise details of the seats as per **Appendix A**.
  - (b) Eligibility criteria as **per Appendix B**
  - (c) Fees as per **Appendix C**
  - (d) Hostel and Messing Fees as per **Appendix D**.

4. It is requested that for any other information that is not covered in this communication, officials from the Education Dept, are requested to kindly visit SMU website [www.smu.edu.in](http://www.smu.edu.in)

5. It is also requested that selection & nomination of eligible students of our state may please be facilitated by 31 Aug 2022 (except for MBBS/MD/MS admissions, governed by National Medical Council

6. We request the Education Dept, Govt. of Sikkim, to kindly direct the GOS sponsored candidates to report to the following officials for admission, before the above specified timeline:-

3. **Lateral Entry to Second Year Bachelor of Technology (Duration 3 Years)**

(a) Three years' diploma in any branch of engineering with minimum 50% marks in aggregate. Relaxation of 5% will be considered for SC/ST/OBC candidates.

OR

(b) Three years' B. Sc. Degree and Mathematics as one of the subjects in 10+2, with minimum 50% marks in aggregate. Relaxation of 5% will be considered for SC/ST/OBC candidates.

4. **Master of Technology (Duration 2 Years)**. In addition to the eligibility criteria mentioned below, preferences will be given to GATE Qualified candidates and sponsored candidates from Government and Private organization with not less than one year industrial or field experience/teaching or research experience in the relevant area.

(a) **M.Tech (Power Electronics)**. Bachelor Degree in Electrical/ Electronics/ Electronics & Communication/ Telecommunication/ Instrumentation Engineering, as applicable, with a minimum of 50% marks. Relaxation of 5% may be considered for SC/ST/OBC candidates.

(b) **M.Tech (Computer Science & Engineering)**: Bachelor Degree in relevant branch of Engineering/ M.Sc in Electronics/ Computer Science/ Information Technology/ Physics/ Mathematics/ Statistics or MCA, with minimum of 50% marks or equivalent CGPA. Relaxation of 5% may be considered for SC/ST/OBC students.

(c) **M.Tech. (Digital Electronics & Communication Engineering)**. Bachelor Degree in Electrical / Electronics / Electronics & Communication / Telecommunication / Instrumentation Engineering, as applicable, with a minimum of 50% or equivalent CGPA. Relaxation of 5% may be considered for SC/ST/OBC candidates.

(d) **M.Tech (Structural Engineering)**. Bachelor Degree in Civil Engineering with minimum of 50% marks or equivalent CGPA. Relaxation of 5% may be considered for SC/ST/OBC candidates.

5. **Master of Computer Application (Duration 2 Years)** Bachelor's Degree in any discipline from a recognized University with Mathematics/Statistics as one of the subjects at 10+2 level or Bachelor's degree in B.Sc. (IT)/BCA from a recognized University with 50% marks in aggregate (45% marks for SC/ST/OBC).

6. **Master of Business Administration (Duration Two Years).**

(a) Graduate ( $\geq 50\%$  for General  $\geq 45\%$  for SC/ST/OBC) in any discipline

(b) The programme has dual specialization in Marketing along with any one of the below mentioned specializations: **Human Resource Development, Finance, Information System and Business Analytic.**

*Note: Other than Marketing, Second Specialization will be offered subject to minimum strength of 10 students per specialization.*

7. **M.Sc. Programs (Duration Two Years)** M. Sc. courses are available in **Physics, Chemistry and Mathematics.**

(a) Candidates are admitted based on the marks at graduation level.

(b) Candidates should have passed 10+2 examination as well as completed B.Sc. (Hons) or B. Sc. (Gen) in 10+2+3 scheme with Physics/ Chemistry/ Mathematics as one of the subjects (depending upon the course in which they are seeking admission) from a recognized university. Preference may be given to students with B.Sc.(Hons), with 50% marks in aggregate (45% marks for SC/ST/OBC).

8. **Bachelor of Computer Application (Duration 3 Years).** Candidate should have passed 10+2 examination in any stream (Science, Arts and Commerce) with 50% marks in aggregate (45% marks for SC/ST/OBC candidate).

9. **Bachelor of Business Administration (Duration 3 Years)** A candidate should have passed 10+2 or equivalent examination in any stream from a recognized Board/University with 50% marks aggregate

10. **B.Sc Chemistry (Honours)** Candidate should have passed 10+2 Examination with Chemistry as one of the subjects with 50% marks aggregate (45% marks for SC/ST/OBC candidate)

11. **B Sc Mathematics.** Candidates should have passed 10+2 Examination with Mathematics as one of the subject with minimum of 50% marks aggregate (45% marks for SC/ST/OBC candidate.)
