SDG 1: ROLE OF SMU IN AILING POVERTY IN THE STATE OF SIKKIM & NE REGION

SMU was setup in 1995 with a vision to cater quality education in fields of Medical & Technical education and provide quality healthcare to the state of Sikkim & adjoining states.

SMU has always taken a giant leap to provide quality medical and health education to the aspiring engineers and medical professionals from the state of Sikkim. Sikkim has the highest level of poverty across the Indian States during 1995. Based upon the report released by the Planning Commission of India, Sikkim has 30.9% population below BPL. Considering the facts during the time of establishment, SMU has started providing 20% seats to the students of Sikkim with a scholarship of 75% in the course fees so that even the common people of the society can think about sending their wards to professional programmes such as Engineering and Medical when it was a costly affair for normal people. A scholarship of 75% in the course fees can be seen as one of the turning points in the economic prosperity of the state of Sikkim as today SMU has produced more than 2100 Engineers & 300 Doctors from the state of Sikkim who have directly or indirectly helped the state to grow in terms of economic aspect.

The following are the data related to the scholarship of 75% in the course fees given to the students from the state of Sikkim in the Academic Year 2015-2022

SPECIAL SCHOLARSHIPS FOR STUDENTS OF UNDER DERVELOPED COUNTRIES

Sikkim is not only in Northeast but is also closer to the developing countries of East Asia such as Bhutan, Bangladesh & Nepal. Poverty level in this country is also high and many students prefers India for quality education as it is near and economical to them provided, we share same culture. Many students from these countries who are willing to pursue professional courses for higher education lacks financially to support those students SMU has started providing financial assistance in technical programs from academic year 2018-2019 onwards. SMU has provided financial assistance to 17 students from Nepal, Bhutan & Bangladesh till date.

The following are the data related to the students of Nepal, Bhutan & Bangladesh who has received scholarship in the Academic Year 2018-2022

DR. RAMDAS M PAI SCHOLARSHIP

On the occasion of the 86th Birthday of Dr. Ramdas Pai, a scholarship scheme was launched from 2022 by SMU for deserving meritorious students who have unfortunately lost their sole earning member (father or mother) of the family during their course of study at SMU. The scholarship is in the form of course fee waiver for the remaining duration of the study at the Universities. 22 students from SMU & its constituent units were awarded with the scholarship

SCHOLARSHIP (100% & 50% COURSE FEE WAIVER) TO DESERVING STUDENTS WHO LOST THEIR SOLE EARNING PARENT DUE TO COVID INFECTION

SMU has granted scholarships in terms of 100 % fee waiver to 07 students who unfortunately lost their sole earning member of the family due to COVID infection. The fee waiver is applicable till the students complete their program/course.

Similarly, 3 students were granted 50% course fee waiver for the entire duration of course.

SCHOLARSHIP FROM BENEVOLENT FUND

Objectives of the Practice: To provide financial support to students to continue their studies in case they lose the member to death/incapacitation, who provides financial support.

The context: In the year 2001, a student of 3rd year lost his father – the only earning member of the family, and consequently it appeared that he had to discontinue his studies at our technical institution-SMIT. Individual faculty members of SMIT provided him with financial support, and he could complete his studies. This incident underlined the need for us to have a better mechanism in the case where a student suffers a similar fate. The benevolent fund concept was proposed in the year 2002 and accepted by the management in 2003. A similar fund is also available in SMIMS.

The Practice: The fund is based on transferring a part of the fee of students to the fund. Individual contributions are also allowed.

Evidence of Success: Help has been extended to all deserving cases.

SEED SCHOOL FOR UNDERPRIVILEGE STUDENTS OF MAJITAR VILLAGE

SEED School is a social initiative taken up by Society of Electrical and Electronics Department (SEED), Sikkim Manipal Institute of Technology in 2009 to teach underprivileged students of Majitar Village. It is a successful initiative and the response to it is immense that it is continued and is run every year.

SEED School is an open resource, free of cost school to help the students in and around Majitar. SEED conducts evening classes for children from 4th standard up to 10th standard. Classes are taken by the students of the college who voluntarily take up the role of teachers to help children with their homework, identify the problem areas and teach them in second languages if needed. Subjects such as English, Mathematics and Science is focussed but is not limited to these subjects.

Startup India choses AIC-SMUTBI to provide financial assistance to startups

SE Report

GANGTOK, January 6: Atal Incubation Centre – Sikkim Manipal University Technology Business Incubation Foundation (AIC-SMUTBI), a start-up incubation centre located at Sikkim Manipal Institute of Technology, has been selected as one of the incubators under Startup India Seed Fund Scheme.

The Department for Promotion of Industry and Internal Trade (DPIIT) has created an Experts Advisory Committee (EAC) to execute and monitor the Startup India Seed Fund Scheme.

The EAC selects eligible incubators and provides grants up to Rs. 5 crore each. In turn, the selected incubators will provide startups with up to Rs. 20 lakh for validation of proof of concept, prototype

development, product trials to startups.

AIC-SMUTBI is the first incubator from North East India to be part of the portfolio of Startup India Seed fund.

Currently there are 769 startups registered with Startup India Portal out of which only 31 incubators have been listed in the portfolio of Startup India Seed Fund Scheme so far. AIC-SMUTBI is one of the latest additions to their portfolio.

AIC-SMUTBI supports startup at their early stage of the venture and is sector agnostic. It currently has 73 startups from all the States of North East India and also other parts of the country working in domains like defence, aerospace, agriculture, EdTech, e-Mobility, FinTech, FMCG, healthcare, IOT/ML/AL and dtourism.

As per the CEO of AIC-

SMUTBI, Dr. Tej Chingtham, seed funding is the first official equity funding stage. It typically represents the first official money that a startup raises. "Funding from Angel investors and venture capital firms becomes available to startups only after the proof of concept has been provided. Similarly, banks generally provide loans only to asset-backed applicants. It is essential to provide seed funding to startups with an innovative idea to conduct proof of concept trials."

Chingtham added many innovative business ideas fail to take off due to the absence of this critical capital required at an early stage for proof of concept, prototype development, product trials, market entry and commercialization. AIC-SMUTBI seed fund offered to such promising cases can have

a multiplier effect in validation of business ideas of many startups, leading to employment generation.

The funds can be raised by startups most likely in the instruments of convertible notes, debt or equity with opportunities for follow on investments from the partner venture fund and investors.

This seed fund of AIC-SMUTBI will be available to startups recognized by DPIIT, incorporated not more than two years at the time of application and should not have received more than Rs. 10 lakh of monetary support under any other Central or State government scheme. This does not include prize money from competitions and grand challenges, subsidized working space, founder monthly allowance, access to labs, or access to prototyping facility.

Tripura Start-up receives huge grant

Times News

Agartala, Mar 27: aAHARAN, a social ed-tech startup based in Tripura, has been selected by Numaligarh Refinery Limited (NRL) for a generous grant for the proliferation of Digital Education in the northeast. This is a significant milestone for the humble startup which began its journey in 2018 in the hands of two brilliant Tripura youths. The grant has been given under the NRL Ideation scheme which seeks to help emerging startups in the northeast region. The Numaligarh Refinery, located at Golaghat district of Assam, is a refinery which is a joint venture between Oil India and Assam Oil. According to their website, the objective of NRL's startup initiative is to boost the startup ecosystem in the region and foster an entrepreneurial culture leveraging on innovation. AIC-SMUTBI, a premier incubation centre of the northeast region, supported aAHARAN with the essential connections and network required to secure the grant. The vision of aAHARAN is to provide a 360 degree one-stop solution via their mobile application for all the study needs of the students of the northeast region. The content in the aAHARAN app consists of a comprehensive

collection of video lessons, test series, study materials, mentor support, etc. To help the regional students who are unable to take advantage of online learning because of language barriers, the content is exclusively available in the vernacular languages of Tripura (Bengali and Kokborok). Currently, aAHARAN has materials for the students of Classes 9 and 10 studying under the Tripura Board of Secondary Education (TBSE). With the help of the grant given under the NRL Ideation scheme, aAHARAN plans to expand its content for the other classes of TBSE as well as the respective education boards of other northeastern

states. This grant will also come in handy for aAHARAN to provide premium education to students at a non-premium price so that anyone can afford it irrespective of their geographic, economic, or linguistic background. aAHARAN has in fact partnered with the Department of Education, Government of Tripura to provide aAHARAN access free of cost to the students studying in select schools of Rupachari RD Block under South Tripura district. Recognising the efforts of the startup in the field of education in the state, the Government of Tripura had recently awarded aAHARAN with "Best Startup

Entrepreneur" title on the occasion of 50th Tripura Statehood Day. As mentioned before, aAHARAN is incubated with Atal Incubation Centre - Sikkim Manipal University Technology Business Incubation Foundation (AIC-SMUTBI). It is one of the 32 such centres in India and the only one in the entire northeast region with seed funding capability. In the past, aAHARAN has been appreciated by North Eastern Development Finance Corporation Ltd. (NEDFi) for setting an example in the startup ecosystem of the northeast region. They also invested a substantial amount of twenty-five lakh rupees in aAHARAN.

**FACILITATION OF SIKKIMESE STUDENTS TO TAKE ADMISSION INTO
THE COLLEGES/ INSTITUTES OF SIKKIM MANIPAL UNIVERSITY**

Dear Sir,

1. As you are aware, Sikkim Manipal University (SMU) was established as the pioneering public private partnership with Govt of Sikkim. It is the first University of its kind in the State of Sikkim. SMU & its constituent colleges, institutes & units have fortified the foundational strengths of high-quality higher education, multi-specialty health care services, skill development, research, innovation and enabling our youth of Sikkim to be well educated, skilled, employable and future ready in the competitive 21st century. It would be pertinent to highlight that over the years, the University has fulfilled the expectations of the Government of Sikkim, including the aspirations of the youth and the citizens of our State, by imparting quality education and providing exemplary, multi-specialty health care services, which you may well appreciate.

2. In consonance with our onerous commitment to our State, 20% UG & PG seats in all the courses of the University are allotted to students nominated by the Government of Sikkim, at 75% fee concession. This enables the youth of our State to get maximum opportunities for higher (PG, UG & Ph.D) education in the fields of medical, engineering, management, humanities, social sciences, medical biotechnology; and other allied/para-medical courses.

Contd..2/-

3. It is for your kind consideration that in the recent past, the 20% concessional UG & PG seats reserved for the Government of Sikkim are not fully utilized by the State. It is a concern that some of the students of Sikkim opt for Universities/ Colleges outside the state which have lesser rankings & lower reputation, to impart high quality education. Therefore, we request you and the Government of Sikkim, to kindly motivate the students to take admissions in the nationally & regionally acclaimed colleges and institutes of SMU, with the concessional seats allotted to the Sikkimese students through the PPP: MOU. This will enable them to fully subscribe to the better facilities, modern academics, qualified faculties and good infrastructure of SMU. Moreover, the students are more safe within their own home state. In these days of COVID pandemic, ^{the} associated financial burden on the parents can thus be lessened, with admission in SMU & its constituents. Further, as a result of being far away from their parents, it is learnt that the students studying outside the state, sometimes indulge in undesirable activities and bad habits which adversely affects their career, health & future prospects.

4. We therefore request you to kindly enable and facilitate the students of our state for taking admission in the reputed and acclaimed institutes & colleges under Sikkim Manipal University (SMU), within the timelines (as specified by UGC, NMC, AICTE, INC etc), as requested from time to time.

With profound gratitude for your laudable support; & warm regards

Yours sincerely

**REQUEST FOR CONDUCT OF REGULATORY MANDATED
EXAMS & TIMELY DETAILMENT OF STATE NOMINATED
CANDIDATES FOR ADMISSION -2021**

Dear Sir

1. Kindly refer to :-

(a) UGC D.O No. F.1-1/2021 (Secy); dated 16 July 2021 on "UGC Guidelines on Examination and Academic Calendar in view of the COVID - 19 Pandemic - July 2021 (copy enclosed).

(b) This University Letter No. 013/ SMU/ REG/ Admin-21/ 87/ 2021 dated 30 June 2021

(c) My DO Letter No. 013/SMU/REG/Admi/89/2021 dated 01 Jul 2021.

2. As per paragraph II (Examinations) of UGC Guidelines on Examinations and Academic Calendar in view of the COVID-19 Pandemic as referred to in para 1 (a) above envisages that "The provisions as contained in the guidelines issued earlier as mentioned above shall apply for the current academic session 2020-21. Further, the Terminal Semester/Final Year Examinations (2020-2021) be compulsorily conducted in offline (pen & paper)/online/blended (online + offline) mode by no later than August 31, 2021 following the prescribed protocols/guidelines related to the COVID-19 pandemic".

3. The above UGC, NMC & AICTE mandates necessitate conduct of essential on campus practical/clinical/lab exams at SMU & its constituents, as per regulatory requirements. **It is requested that approval may please be accorded for the conduct of practical examinations of MBBS, Nursing, Physiotherapy other allied healthcare & other courses. As per the applicable directions of the regulatory bodies, physical presence of the students is mandatory for the practical examinations, as these cannot not be conducted on-line.**

4. It is also intimated that as per above UGC guidelines, all admission procedures are to be completed by **30 September 2021** and the classes for first year undergraduate and post graduate students shall commence latest by **01 October 2021.**

5. Team SMU acknowledges your kind support and requests you to detail sponsor and facilitate timely admission of all the students under Govt of Sikkim nominees and other eligible candidates from Sikkim across all courses/programmes by 24 September 2021. **This will prevent the academic setback to the Sikkimese students under Govt of Sikkim nomination & through open (general category/reserved category of the state).**

With profound gratitude & warm regards

Yours sincerely
